

Residential Outdoor Burning Rules Within the Marysville Fire District

Effective July 1, 2008-All land clearing burning is prohibited. Marysville Fire District will continue to permit residential outdoor burning (land-clean-up) outside of the Urban Growth Area (UGA).

In accordance with Marysville Fire District Resolution 2008B-2 adopted April 16, 2008, permission to burn is granted to qualifying residents within the Marysville Fire District (excluding those properties located within the Tulalip Indian Reservation) for, Residential Outdoor Burning (aka: Yard Debris/Waste Fires, Land Clean-Up) within the Marysville Fire District, in accordance with the following conditions:

1. No burning may take place within the Urban Growth Areas of the Marysville Fire District. The map is located at: <http://gis.snoco.org/maps/permits/viewer.htm>
2. The attendee must have a copy of these burning rules, as published and distributed by the Fire Chief, onsite. The rules will be made available with no fee involved.
3. Only one debris pile may be burned at time. Each pile must be completely extinguished before another may be burned.
4. Material to be burned must be placed on bare soil or green grass or other similar areas free of flammable materials for a distance adequate to prevent the escape of the fire.
5. The debris pile being burned must be less than 5 feet in diameter and 5 feet in height.
6. The debris pile being burned shall contain only natural vegetation cultivated from the property upon which it is being burned.
7. The debris pile being burned must be at least 50 feet from all structures.
8. Burning must be done during periods of calm to very light winds.
9. There must be a continuous supply of water and a shovel at the debris pile being burned. Continuous supply refers to any source consisting of no less than 200 gallons of water and capable of being continuously delivered to all points along the circumference of the burning pile, at a minimum rate of flow of 3 gallons per minute (Standard residential connected garden hoses usually comply).
10. A person capable of extinguishing the fire must be in attendance of the debris pile being burned, and the fire must be completely extinguished before leaving it.
11. Burning shall comply with all rules and regulations of the Puget Sound Clean Air Agency.
12. All burning must take place during daylight hours only. Burning shall not commence prior to sunrise, and all debris piles being burned must be extinguished prior to sunset.
13. If any emission from the fire is detrimental to the health, safety, or welfare of any person or it causes damage to property or business, or it causes a nuisance, or a burning ban is imposed, then the fire must be extinguished immediately.
14. The owner of the property, upon which burning is being done, may be held liable for firefighting costs and damages as a result of the escape of fire, at the discretion of the Board of Directors.
15. Permission to burn under this authorization may be suspended or cancelled without notice by any of the following agencies: Marysville Fire District; Snohomish County Fire Marshal Office; Puget Sound Clean Air Agency; Department of Ecology; Department of Natural Resources; any other federal, state, or county agency having jurisdiction.

Recreational and Cooking Preparation Fires, as defined by PSCAA, are allowed within all areas of the Marysville Fire District under the rules and conditions in effect at the time of burning as set forth by the Puget Sound Clean Air Agency (PSCAA).
