## **ABOUT MARYSVILLE FIRE DISTRICT**

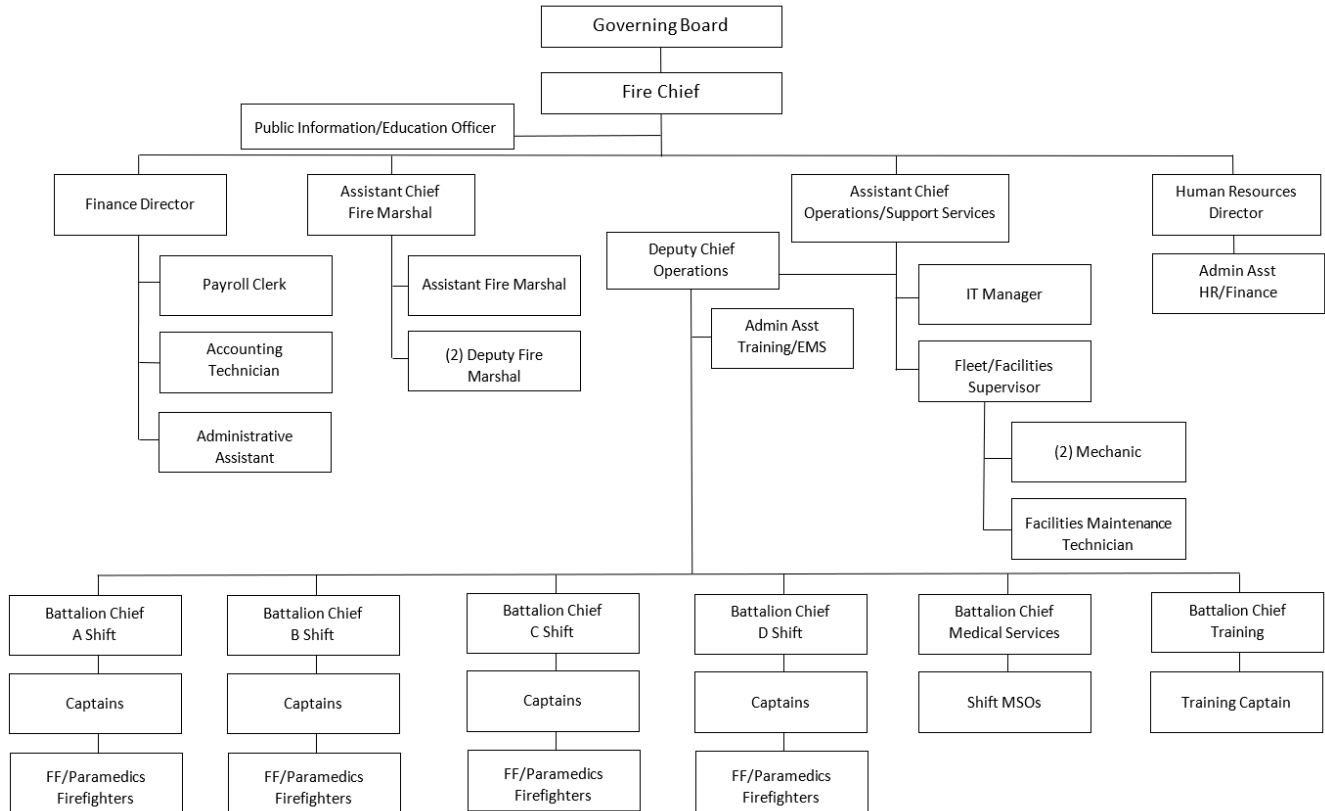

The Marysville Fire District (MFD), a regional fire authority (RFA), was established by a simple majority affirmative vote of the electorates in the City of Marysville and Snohomish County Fire Protection District No. 12 at the April 23, 2019 Special Election, with an incorporation date of October 1, 2019. The district is a special purpose local government, operating under Chapter 52 RCW and all other laws of the state of Washington applicable to a fire protection district.

The district is governed by a six-member Board of Directors consisting of five voting members (four appointed from Marysville City Council and one appointed from FD12 Board of Commissioners), and one non-voting member (appointed from FD12 Board of Commissioners).

The district is primarily funded by a Regular Levy, EMS Levy, and ambulance transport fees. Most recently approved levy measures include the August 2025 approval of a \$1.45 Regular Levy Lid Lift and the August 2023 approval of a 10-year \$0.50 EMS Levy.

The district provides fire protection and emergency medical services to approximately 90,400 residents within 54 square miles of service area in west central Snohomish County. The district employs approximately 133 full-time employees operating from five fire stations, and one shop/maintenance facility.

## FUND STRUCTURE

The Marysville Fire District organizes its financial operations into four separate accounts known as Funds.

*As defined by the Washington State Auditor's Office, a fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.*

**EXPENSE**

**APPARATUS**

**CAPITAL/RESERVE**

**EQUIPMENT**

**EXPENSE:** This fund serves as the general operating fund of the district. This fund has a minimum fund balance established by policy equal to 25% of the annual operating budget of the district.

**APPARATUS:** This fund serves as a capital projects fund of the district; with an assigned purpose to accumulate and expend resources for the procurement of apparatus.

**CAPITAL/RESERVE:** This fund serves as a capital projects fund of the district; with an assigned purpose to accumulate and expend resources for the construction, acquisition, and/or improvement of capital assets.

**EQUIPMENT:** This fund serves as a capital projects fund of the district; with an assigned purpose to accumulate and expend resources for the procurement of capital equipment.

The balances of all funds are invested in either the Washington State Investment Pool, information can be found at <https://tre.wa.gov/partners/for-local-governments/local-government-investment-pool-lgip/> or the Snohomish County Investment Pool, information can be found at <https://www.snohomishcountywa.gov/5342/Investment-Information>.

## BUDGET STRUCTURE

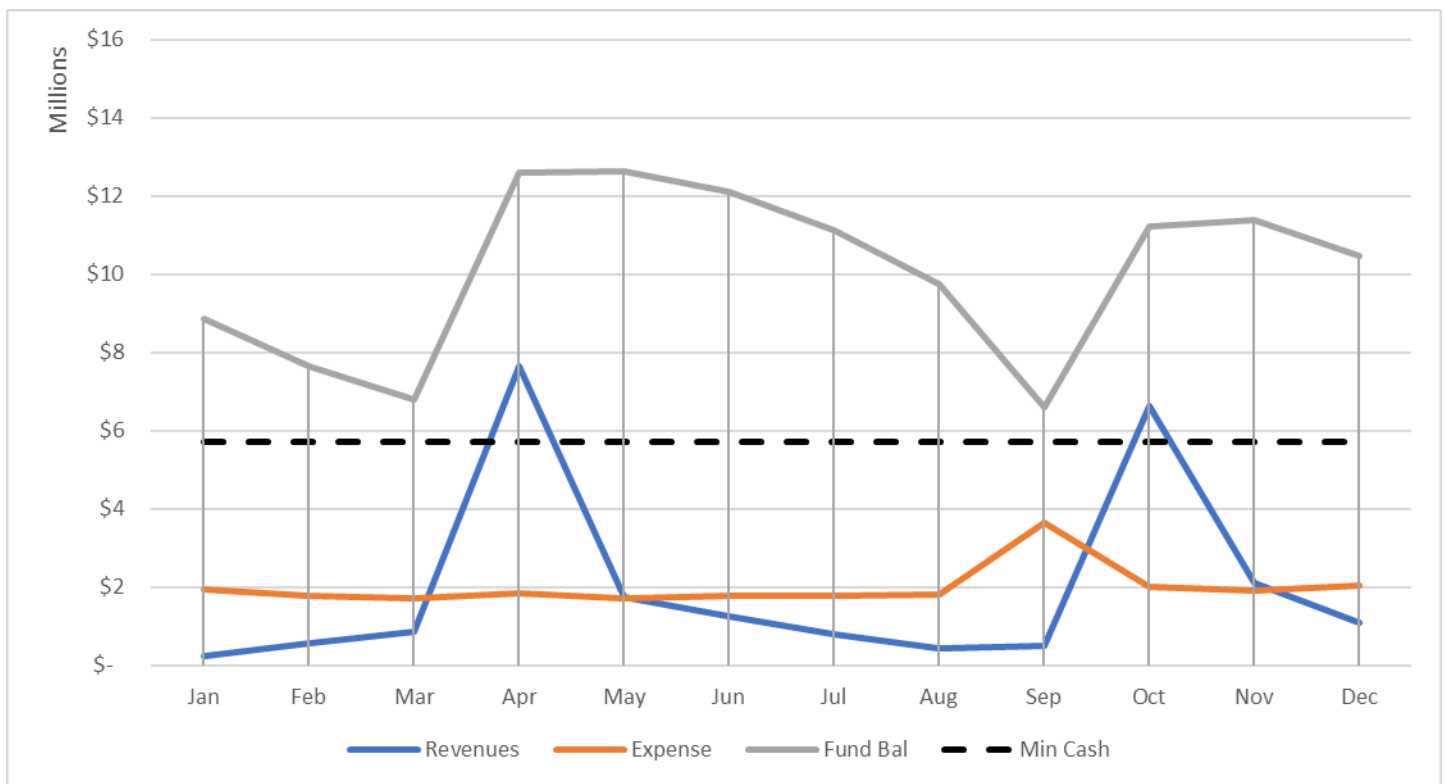

Under RCW 52.16.030, fire districts are required to prepare a budget (either annual or biennial) for each fund. Marysville Fire District prepares an annual budget for each fund; these are adopted by the Board of Directors at aggregate fund level appropriation amounts. The budgets are then broken down into divisions, and even further into line-item costs, to facilitate management and internal control of the appropriations. Expenditures from the line-item appropriations are continually monitored. Budgets may be adjusted administratively throughout the year as needed, however if a budget is expected to exceed its fund level appropriation an official budget amendment resolution of the board is required. Below is an example of basic fire district budget structure:

522 – PUBLIC SAFETY	Total Fund Amount
522.10 – Administration	Total Division Amount
10 – Salaries & Wages - Admin	Costs Within Division
20 – Personnel Benefits - Admin	Costs Within Division
30 – Supplies - Admin	Costs Within Division
40 – Services - Admin	Costs Within Division
522.20 – Fire Suppression and Emergency Medical Services	Total Division Amount
10 – Salaries & Wages - Admin	Costs Within Division
20 – Personnel Benefits - Admin	Costs Within Division
30 – Supplies - Admin	Costs Within Division
40 – Services - Admin	Costs Within Division

This chart of accounts format continues as applicable to specific agency operations, and is prescribed by the Washington State Auditor Budgeting, Accounting, and Reporting System (BARS) for cash basis fire districts. Code assignments can be found at [www.sao.wa.gov](http://www.sao.wa.gov); under the BARS Cash Manual link.

## ANNUAL CASH FLOW CYCLE

The chart below illustrates an example of the average annual cash flow cycle of the district. Revenue collections peak in April and October as property taxes are due, expenses are generally linear except for the months when interfund transfers are performed. Minimum fund balance is monitored during the low points of revenue collection to ensure compliance with policy (25% of annual operating expense budget) is maintained.

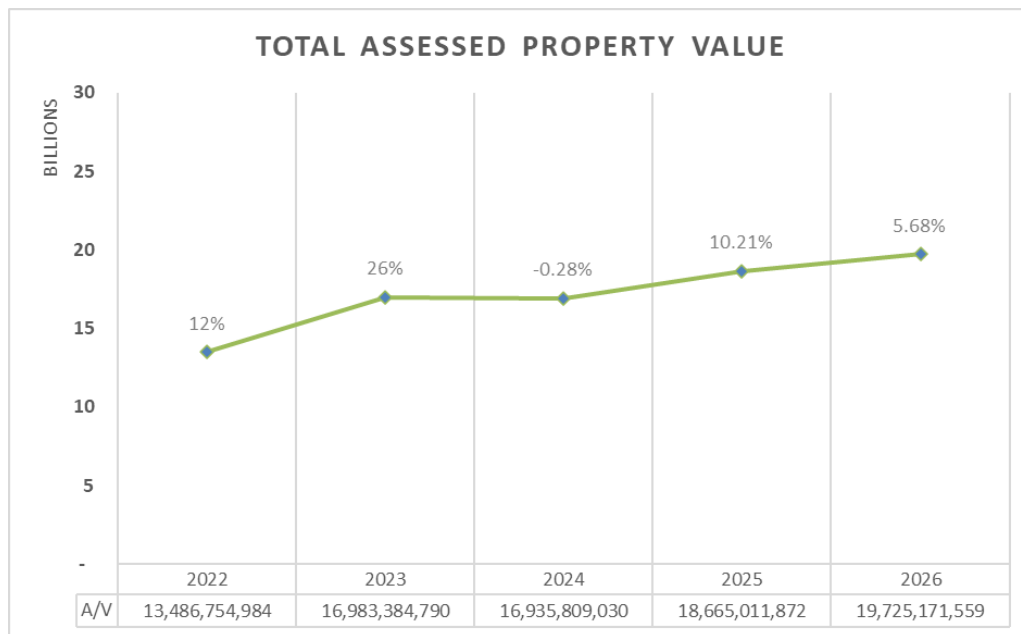

\* Hypothetical values used for illustrative purposes.

## ASSESSED PROPERTY VALUE AND TAX LEVIES

The primary funding source (80%-90%) for most fire districts is derived from the levy and collection of property taxes. The County Assessor is responsible for the property assessments, collecting the taxes levied, and distributing those taxes to the District Funds.

Marysville Fire District levies a regular levy and an EMS levy.

The graph below illustrates the historical assessed property value of the entire Marysville Fire District boundary as it exists today:

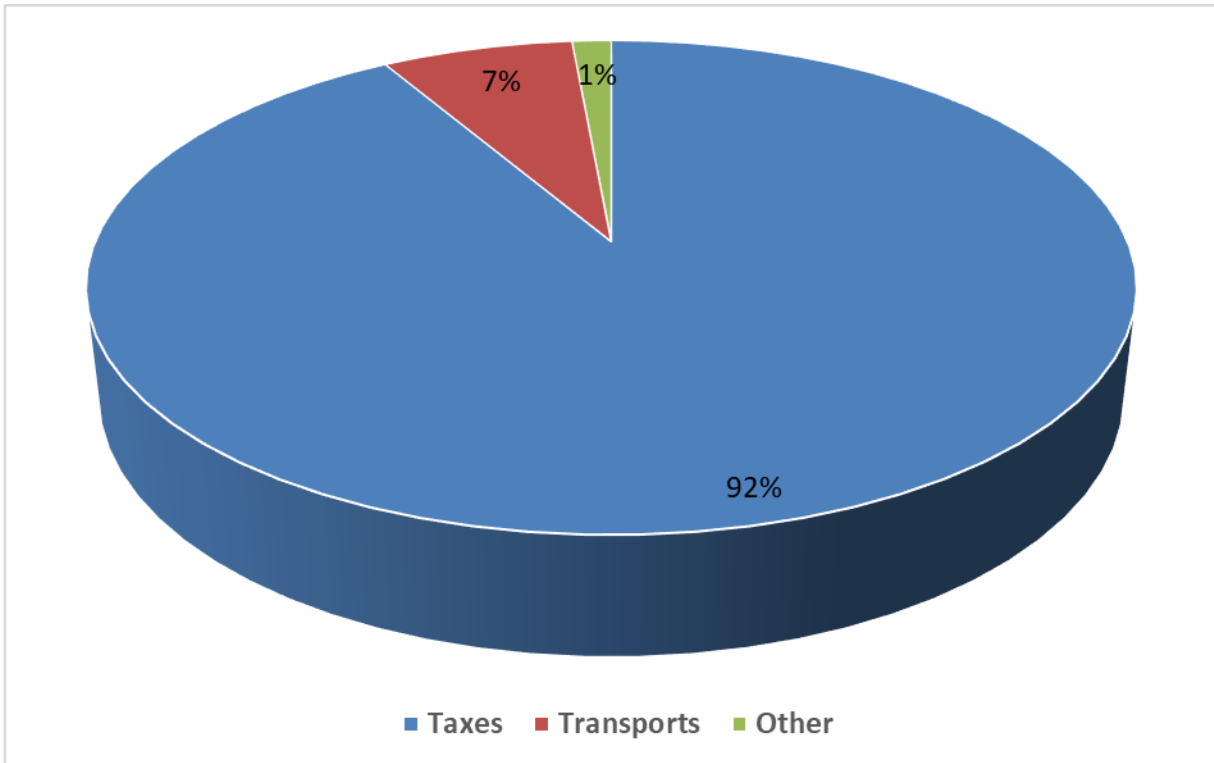

The MFD Regular Levy began on January 1, 2020; at that time the existing EMS levies of City of Marysville and Fire District 12 were levied separately and transferred to MFD. In 2023 (for collection in 2024), voters approved a new 10-year \$0.50 MFD EMS levy which replaced the old separate EMS levies. In 2025 (for collection in 2026), voters approved a \$1.45 Regular Levy Lid lift.

Levy	2025 Rate	2026 Rate*	2025 Dollars Levied	2026 Dollars Levied*
Regular	\$1.04	\$1.45	\$19,351,051	\$28,601,499
EMS	\$0.47	\$0.46	\$8,930,187	\$9,243,830
Total	\$1.51	\$1.91	\$28,281,238	\$37,845,328

*\*Final amount certified by Snohomish County Assessor may vary.*

## EXPENSE FUND RESOURCES

The district is supported by three primary revenue categories: property taxes, ambulance transport fees, and other miscellaneous sources. 2026 proportionate share by category is illustrated in the chart below:

The table below compares the 2025 and 2026 revenue projections:

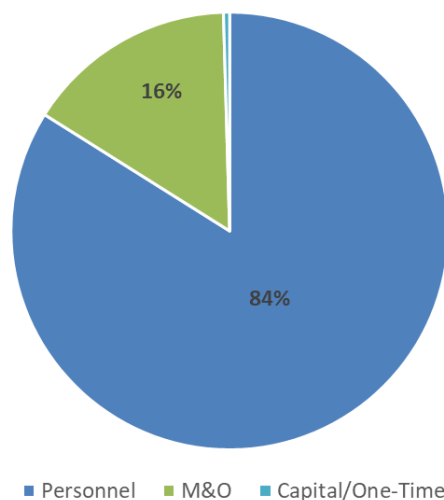

Category	2025 Budget*	2026 Budget	Variance	
Taxes	\$ 28,014,425	\$ 37,454,110	\$ 9,439,685

\*2025 Revenue Projections Updated 09/2025

## EXPENSE FUND USES

The Expense Fund supports all general operating costs of the district. The largest expense is for personnel (84%), followed by maintenance & operations (16%). The district transfers monies exceeding annual operating costs into the capital/reserve funds, ultimately reducing debt principal and lending costs for the citizens on future capital projects and procurements. Reserve funds are held to stabilize revenues and preserve service levels in periods of economic recession or revenue reductions. Summary Expense Fund budget categorized by division for 2026 is as follows:

APPROPRIATION	2025 (Budget)	2026 (Budget)	Variance	
Government Services	\$ 308,200	\$ 278,385	\$ (29,815)
